

Lynea Video Monitors

The latest technology, elegant styling, functionality and unbeatable reliability bring Lynea as the most cost-effective addition to BPT's extensive range of video entry systems, giving you even greater choice than ever before.

With a choice of a colour or black & white monitor, Lynea fits conveniently into BPT's range which extends from simple, single-home (or office) units to large, sophisticated systems. Various options are available for System 200, System 300 and X1 systems.

YVF/200UK - YVF/300UK

Slim, elegant Lynea monitor available with 4.5" black & white screen or 3.5" colour screen. To table mount, use YKT/F.
