

# Targha Video Entry Panels

The innovative entry panel from BPT merging the utmost modularity and functionality with the most advanced aesthetic values contemporary design has to offer.

Slim and surface mount, Targha is easy to install, and is particularly suitable wherever leaving the existing structures untouched is of paramount importance.

**Main features:**

- Available in 4 colours - anodised aluminium, anodised brass, white and greyhound grey
- Each panel is only 207mm high, 99mm wide and 28mm deep surface mounted
- Available with colour or black & white video option
- LED backlighting system provides an appealing illumination of the buttons
- Built-in rainshield
- Targha comes as a surface panel but can also be recessed using a back box. In the recessed version, Targha compositions can be created either horizontally or vertically

**Video entry panel - HSV/\*ST, HSV/\*DST (split buttons)**

- Order with HAVC/200 colour or HAV/200 black & white 1/3" adjustable CCD camera, phonic group and infrared LED module. Supplied with a single button, it can accommodate no buttons or three additional buttons, single or split

**Access control keypad expansion panel - HNA/102LR keypad + HPP/3HNA keypad housing + HSV/\*ST Targha video entry panel**

- The Targha video entry panel is supplied with a single call button
- The access control keypad expansion panel operates two relays and offers 100 x 4 digit entry codes

**Expansion panels - HSP/\*ST, HSP/\*DST (split buttons)**

- Expansion panels can house 4 buttons, 6 buttons, 8 split buttons or 12 split buttons to Accessories
- Targha video entry panels require a HAV/200 video unit for a black & white picture and HAVC/200 for a colour picture
- To recess the panels, you will need a HTS/GR (grey) or HTS/BI (white) back box

**Colour options**

All of the panels above are shown in Anodised Aluminium (ST) and are available in anodised aluminium, anodised brass, white and greyhound grey
